This puppy is thought to be of sound health and has received proper vaccinations and wormings at the time of sale. The puppy must be seen by Buyer's veterinarian within 72 hours of purchase of said puppy or contract is null and void. I strongly recommend you do not give your new puppy a 7 way vaccination or any leptospirosis vaccine. If you do choose to give your puppy a leptospirosis vaccine, this contract is null and void. Seller offers a one year replacement warranty for any puppy that has been diagnosed with a life threatening or life shortening congenital defect or disease. This does not include conditions typical of the bracycephalic breed, such as hernias, grade 1 heart murmurs, fleas, preventative disease covered by vaccinations, coccidia, giardia, worms, allergies, tight nostrils, kennel cough, cherry eye, open fontanelles, or hypoglycemia and diarrhea caused by stress, change in diet, or dehydration. This warranty is not transferable and null and void if puppy is sold or given to someone other than the stated buyer. Core Vaccinations and wormings and check ups must be timely and documented by your veterinarian within the first year, or this contract is null and void. In case of death, an autopsy must be performed at Buyer's expense. The autopsy results must be examined by Seller's veterinarian to confirm or negate the diagnosis. Seller is not responsible for any veterinarian expense. Cost of delivery of the replacement puppy must be absorbed by the Buyer. At no time will cash be returned.
